COURSE DESCRIPTION

PRINCE2 Agile combines the flexibility and responsiveness of agile with the clearly- defined framework of PRINCE2®. Created for those organisations and individuals who use PRINCE2, but recognise the benefits of applying agile methods, it provides guidance on how to practically apply both PRINCE2 and agile; thus, reducing conflict so that you can benefit from the best of both worlds.

TARGET AUDIENCE

The target audience for this qualification is:
⇒ Agile professionals, project managers and aspiring project managers who want to be able to combine PRINCE2® and Agile in the most effective way when using PRINCE2®, Agile behaviours, concepts, frameworks and techniques.
⇒ Other key delivery team staff, including: product owners, Scrum Masters and developers.
⇒ Business professionals with an interest in iterative and incremental project delivery through collaborative working.

PREREQUISITES

There are no formal pre-requisites for the PRINCE2 Agile Foundation exam, although a familiarity with Project Management will be beneficial.
